

# 8210 WALKIE PALLET TRUCK

## WITH FACTORY-INSTALLED WEIGH SCALES

WEIGH LOADS—ANYWHERE, ANYTIME—  
FOR GREATER PRODUCTIVITY AND  
INCREASED ACCURACY

Whether you're shipping, receiving, order picking or piece counting, Raymond's 8210 Walkie Pallet Truck with factory-installed, fully integrated mobile weigh scales can save you valuable time and money on every load, every day.

NTEP (National Type Evaluation Program) or non-NTEP configurations are available that suit the validation requirements of your business, the built-in scale lets you weigh product on your forks—quickly, easily, and precisely while communicating the weight to the operator via the scale indicator display. No more time-wasting trips to a floor scale on the dock. No more questioning the weight or accuracy of a load.

### MARKETS/INDUSTRIES

- Manufacturing
- Textiles
- Chemicals
- Agriculture

- Food & Wine
- Recycling
- Warehousing & Distribution

### QUICK SPECS

Capacity	4,500 lbs.
Battery	24V
Frame Width	28"
Power System	AC Traction Control
Battery Box	78"
Fork Sizes	42" x 27"; 48" x 27"*
Legal for Trade (NTEP)	2 lbs. accuracy up to 1,000 lbs. 5 lbs. accuracy up to 4,500 lbs.
Non-Legal for Trade (Non-NTEP)	2 lbs. accuracy up to 4,500 lbs.

\* NTEP scale precision is within 0.1% of the actual calibrated load weight (example: 4,500 lb. capacity, 0.1%=5lbs.). System accuracy is only as good as the calibration and is a fixed percentage of the actual load.

Confirm bill of lading weight to prevent overloading of outbound trailers.

Catch incoming product shortfalls by verifying loads as they are received.

Reduce the time spent cycle counting by enabling piece counting by weight.

Prevent pick errors by checking product weight at time of selection.

# RAYMOND

# THE MOST EFFICIENT WEIGH TO IMPROVE PRODUCTIVITY

With instant insight into the weight on your forks at any time, you can work more quickly, efficiently, and confidently. Put loads directly into trailers. Recognize picking and shipping errors immediately. Ensure accurate deliveries of raw materials. Avoid the hazards of overloading your walkie, freight truck, and racking.

One of the only pallet trucks in North America with the option of fully integrated mobile weigh fork scales factory-installed, providing you with a convenient solution, eliminating the need for 3rd party after-market add-ons.

## SCALE FEATURES & FUNCTIONS

- + Bright backlit LCD display for easy viewing
- + Automatic and manual zero correction
- + Gross/Net weighing
- + Automatic push-button tare
- + Manual tare entry totaling with sequence number
- + Automatic low voltage shut off
- + 5-digit ID-code entry
- + Piece counting by sample weighing
- + Piece counting by entry of piece weight
- + Internal clock
- + Adjustable automatic shut off (set to 30 minutes of idle time)
- + Error messages in display
- + lbs/kg toggle function
- + No additional batteries required
- + Durable, shock-resistant, IP65-rated design
- + Wireless integration with Bluetooth® connectivity\*\*

\*\*Download of data option from the mobile scale display through Bluetooth connectivity or RS232 Serial Connector.
